## QUESTIONS FOR MIXED TEAMS: 17<sup>TH</sup> JULY

Focusing on the presentation this morning by Professor Maria Clara Lucchetti Bingemer.

### Question 1

*"The Word of God... frees the human being from the mute violence of instincts, from routine, from the immediate. It provokes freedom by opening up space to transform the world and it leads those who listen to it along a transformative path that will lead to an ever more powerful and fulfilling life."*

Is there a passage or text from scripture that has been transformative for you, in a particular situation, or perhaps guides you every day?

### Question 2

*"From the first fundamental cell of the human community to large national and international organisations, this phenomenon of human non-communication appears to be one of the most serious of our time. Never have there been so many means and so few ends. Never have we had so many possibilities for communication and never at the same time has human communication been so threatened."*

In your own experience, in your local community or in your country, how have you witnessed the failure to listen to others.

### Question 3:

*"In the early days of its existence, the community of Jesus' disciples were known as 'disciples of the way'. This is because Jesus doesn't teach a philosophy, an ideology, but a way, in other words, a road that must be travelled with him, on which one learns only by taking it, by walking."*

*"... Jesus says: 'I am the Way'. The way, therefore, is his person. It is his way of acting, thinking, feeling and listening."*

How does our journey as members of Teams of Our Lady, enlightened by the word of God, help us to act, think, feel and listen more like Jesus?
